"Empowering children with autism
and their families through knowledge & support"

Parents/Carers Support Group

Support for parents and carers of children/individual with a diagnosis of Autism Spectrum Disorder

Caring for a child or individual with Autism can be difficult and isolating at times, but it does not need to be. AASS parent and carers support group facilitates people coming together in an inclusive environment. Facilitated by a mother of child with Autism it allows attendees to talk and share experiences with each other in a non-judgemental and confidential setting.
