

Autism Advisory and Support Service

"Empowering children and adults with autism
and their families through knowledge & support"

Support Coordination

AASS provides Support Coordination to NDIS participants who are funded for this support.

Support Coordination a service that supports NDIS participants to get the most out of their support plans. We work closely with you and your family or carers to find the most effective way to achieve the goals in your NDIS which gives you choice and control of your disability supports. We also seek to build your capacity to manage your NDIS more independently in the future.

Our Support Coordinators are committed to providing nonpartisan support to find the best outcome for every individual.

We are a team with extensive experience in disability support, in particular Autism. AASS has been supporting families for over twelve years and we are passionate about empowering children and adults with Autism and their families through knowledge and support.

We charge only for the time it takes to service your needs. We are happy to meet with you at no charge to see if our Support Coordination services suit your need.

We provide Support Coordination across South West Sydney in NSW.

Our team is flexible and we can arrange to meet with you and your family or carers at a location that suits you.

For more information contact Mari on (02)9601 2844 or 0439 376 511.
